PLEASE NOTE: When examining an application to register a mark, the Division of Revenue only considers its database of registered New Jersey marks. We do not search the state or county assumed name records, legal names of corporations or other filing entities, nor search the USPTO. We do not search phone books, the internet, or any other "common law" usage of marks in commerce. The person seeking to register a mark is responsible for a more substantial search to avoid infringing on the marks of others.

Owners of registered marks are responsible for enforcing their rights to the marks. A private attorney can assist you in determining and enforcing your rights.

Trademark or Service Mark (TSM-01)**

Definitions:

A **Trade Mark** is any word, name, symbol or device or any combination thereof, used by a person to identify and distinguish the **goods** of the person, including a unique product, from those manufactured and sold by others, to indicate the source of the goods, even if that source is unknown.

A **Service Mark** is any word, name, symbol or device or any combination thereof, used by a person to identify and distinguish the **services** of one person, including a unique service, from the services of others, to indicate the source of the services, even if that source is unknown.

Specimen of the mark is a sample of the mark in use (i.e.-letter head, business cards, menu, website banner, distinct photograph of shirt, sign, pen, or other item ...*please do not send the actual item*).

Drawing of the mark: The mark shown on the drawing sheet must exactly match the mark shown in your specimen and must coincide with the description in item 2 of the application. The "drawing" does not have to be a hand-drawn depiction. You can print a picture of the mark onto the Drawing Sheet. The Drawing Sheet cannot include any text, pictures, or other material that is not part of the mark. If the mark is a phrase (word mark) it must be typed onto the drawing of the mark page. Submit on 8.5x11 sheet of paper labeled "Drawing of the Mark".

DO NOT GLUE and/or DRAW SPECIMENS/DRAWING OF THE MARK ONTO THE APPLICATION FORM.

Item 1 – Mark Type: Check only one box per application (see definitions). Mark type must coincide with classification number(s) (see item 4).

Item 2 – Name and description of Mark: All marks must be named. The name should be placed in quotes. Type a brief description. In the case of a design mark, you may choose a name that fits its description (i.e. – an image of a tree with rainbow and clouds can be named "tree rainbow"). In the case of a phrase, the description should be listed as word mark.

Item 3 – Description of the Goods or Services Involved: Describe *briefly and concisely* the goods or the services currently sold or provided.

Item 4 – Classification Number(s): Must coincide with the mark type checked in item 1. More than one classification number can be listed; however, an additional \$50.00 charge is applicable for each classification listed after the initial classification.

Please note: Only one type (Trademark or Servicemark) can be checked on the form. Multiple Classifications can be used on the same form as long as they fall under the same mark type.

Item 5 – Applicant Information: Must list complete name and address (a and b). Must check one box on line (c). Complete lines (d) and/or (e) if applicable.

Item 6 – Dates: Must list the date mark first used in New Jersey (mm/dd/yyyy). Listing a future date (i.e.-reserve date) is prohibited. Date first used elsewhere is optional.

A trademark is "in use" when it has been placed on the goods, containers of the goods, or point-of-sale displays of the goods, and the goods have been sold, displayed for sale, or otherwise publicly distributed in New Jersey. A service mark is "in use" when (1) it is displayed in New Jersey in connection with the services, and (2) the services are performed in New Jersey.
